

REMARKS

The Notice of Drawing Inconsistency With Specification mailed April 16, 2004 indicated that Figures 9 and 13C are listed in the Brief Description of the Drawings in the specification but not contained in the drawings, while Figures 9A and a second 13B are contained in the drawings but not listed in the Brief Description of the Drawings in the specification. Accordingly, by the present Amendment, the specification is amended to change the specification reference from "Figure 9" to "Figure 9A". Additionally, the second Figure 13B in the drawings is corrected in the attached drawing sheet to designate "Figure 13C". As these changes do not involve any introduction of new matter, entry is believed to be in order and is respectfully requested. Additionally, it is believed that these changes represent a complete response to the Notice.
